
ANDROID DEVELOPER

Are you a geek, do you like children and can you work with humans?

This is a fantastic opportunity to join a small, highly specialist company who produce products and services that focus on making people safer, particularly in the digital environment.

As an Android Developer, you will be responsible for creating, maintaining and updating our native Android applications.

The Android Developer will be responsible for the development and delivery of our client's applications. You will play a role in designing and building new features as requested.

Essential:

- Java and object-oriented programming
- Working Kotlin knowledge
- Experience working with Android architecture components, Dagger 2, Retrofit and RxJava 2
- Git
- Continuous integration & continuous development

Desirable:

- Understanding of different design patterns such as Model-View-ViewModel (MVVM) and Model-View-Presenter (MVP)
- Experience writing unit and espresso tests

Personal Skills:

- Ability to understand requirements and create detailed technical specifications
- Proactive and able to provide feedback to colleagues
- Resilient and can cope under pressure

Ineqe group is an equal opportunities employer and welcomes applications from all who meet our selection criteria.

Salary: Salary is dependent on skills and experience and will be in the range £23,000 to £35,000. You will have 28 days annual leave per year.

Location: Belfast

Starting date: Immediate Vacancies

AccessNI: Whilst a criminal record will not necessarily be a bar to being appointed, as the successful candidate will be part of our schools programme, they will be required to undergo and pass enhanced vetting through AccessNI.

The AccessNI Code of Practice can be found at:

<https://www.nidirect.gov.uk/publications/accessni-code-practice>

To apply please send your current CV and one page covering letter outlining your experience to bill@ineqe.com.
