Safety Card: Yubo

Yubo is a social media app that allows users to make friends by swiping through profiles in their area. Users can also live stream and chat 1-2-1 or as a group. It's currently available on Android and iOS phones. Users have to be over 13 years old to use this app and Yubo uses 'age-gating' technology which aims to match users with others of similar ages.
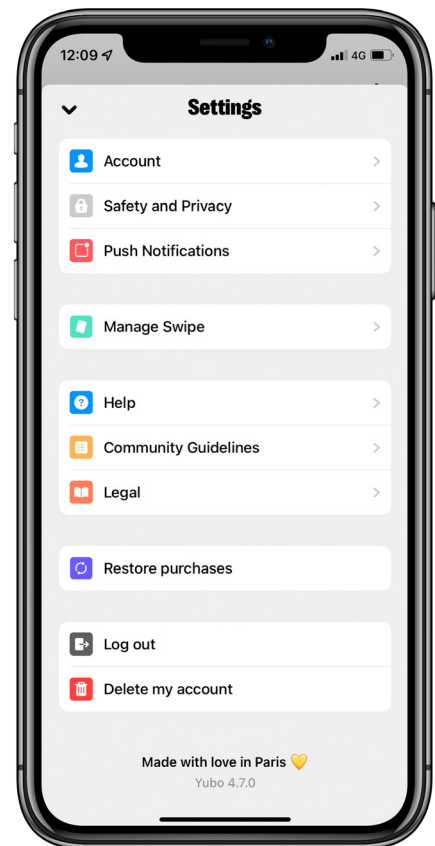

Stay safe on Yubo by using the instructions **Privacy**, **Blocking** & **Reporting** below.

Age Restriction **13+**

🔒 Privacy

Configure your privacy settings using these simple instructions:

- ➤ Tap on 👤 in the top right corner of your app.
- ➤ Tap on ⚙️ in the top right corner.
- ➤ Tap on **Safety and Privacy**. From this menu you can configure your location sharing, muted words, and more.

❌ Blocking

Block a user using these simple instructions:

- ➤ Go to the user's profile.
- ➤ Tap on ❗ in the top right corner.
- ➤ Tap on **Block**.

🖥️ Reporting

Report a user using these simple instructions:

- ➤ Go to the user's profile.
- ➤ Tap on ❗ in the top right corner. Tap on **Report**.
- ➤ Select your reason for reporting that video and submit.
